The pilot programs for which the applicants seek authority are similar to the zTrip pilot program applied for by Whittlesea Blue Cab and Henderson Taxi that was heard and approved on July 16, 2025, August 20, 2025, and October 15, 2025. The programs proposed by the applicants will allow a passenger using either or both a TNC application and other third-party service provider software and hardware systems to connect to a taxicab driven by a Taxicab Authority-**

permitted driver, with all operational and insurance obligations mandated by NRS Chapter 706 required for those services. At the continued Public Hearing, the Nevada Taxicab Authority Board will receive reports on and data generated by the pilot programs and may consider whether, and under what terms and conditions, passenger use of the TNC technology application should receive final authorization. Applicants state their proposed pilot programs are intended to determine whether this arrangement benefits passengers and drivers without jeopardizing passenger safety, and to provide data regarding the comparability between a meter rate and up-front pricing supplied through the TNC application. They seek to use technology provided by Curb Mobility, LLC, the Kaptyn DT5 In-Vehicle Mobile Data Terminal, or technology identified as the zTrip/Taxicab Authority system or other taxi carrier systems such as Deluxe to conduct the pilot program. In accordance with action taken by the Nevada Taxicab Authority Board on March 18, 2026, the pilot programs were approved up to and including October 31, 2026. The pilot program examines the use by passengers of a TNC technology application to connect to a taxicab driven by a Taxicab Authority-permitted driver with all operational and insurance obligations mandated by NRS Chapter 706. At the Public Hearing, the Nevada Taxicab Authority Board will receive reports on and data generated by the pilot program and may consider whether, and under what terms and conditions, passenger use of the TNC technology application should receive final authorization. The hearing will be conducted pursuant to NRS Chapter 233B, NRS 706.8818, NRS 706.8819, NAC 706.471, NAC 706.876, and NAC 706.924, and is expected to involve discussion of, but not limited to, NRS Chapter 706 and NAC Chapter 706 generally, along with any other relevant statutes and regulations. *(For Discussion and Possible Action)*

6. **Public Hearing--Petition To Deviate by Nellis Cab—Discussion and consideration of Nellis Cab's Petition to Deviate from Nevada Administrative Code ("NAC") 706.552(2) pursuant to NAC 706.876(2).** NAC 706.552(2) requires a taxi driver to present a referral slip for the issuance of a new permit upon changing employment from one certificate holder to another. Petitioner is one of three taxicab company entities owned and operated by the Balaban family, which is the owner and operator of the new certificate holder for Nellis Cab pursuant to the August approved sale and transfer of Nellis Cab to Peteglo, LLC, /TPM, LLC (owned and operated by the Balaban's). Petitioner asserts that good cause exists for the deviation to allow a driver formerly employed by Nellis Cab, as well as all drivers of Desert Cab, Virgin Valley Taxi and Nellis Cab (the three Balaban owned taxi companies) to receive updated permits allowing them to drive for any of the three entities without seeking a new taxi permit each time the driver switches to one of the other three companies. *(For Discussion and Possible Action)*
7. **Public Hearing—To receive input from stakeholders regarding recommendations, comments and suggestions for Nevada Administrative Code ("NAC") Chapter 706.450 et seq. regulations that need streamlining, clarified, removed or reduced; a comprehensive review of the regulations subject to enforcement; identify other regulatory changes pertaining to the Taxicab Authority for consideration, revision or removal.** *(For Discussion and Possible Action)*
